### Report on AIDS Awareness Program

A HIV Awareness was organized by NSS wing of VIET in collaboration with HELPING HAND on 01-12- 2021, which has now become a signature annual event that aims to create awareness about importance of early detection of HIV awareness, salute survivors and their families in their fight against HIV Awareness and most importantly to spread the message of hope, courage and survival in the fight against HIV. In an effort to demonstrate the power of red (a color that represents HIV awareness), buildings of VIET were illuminated in red. Around 95 students from different branches including diploma have actively participated in the event. Awareness of HIV awareness was created through the slogans, plaquards and by clearing the doubts asked by the people. This event has stood as a milestone.
